

# Installation of Screen for Diago.

50460-060 / 50460-120

The small arrow in the plastig of the screen must be pointing towards the wall!  
Otherwise it will not retract.

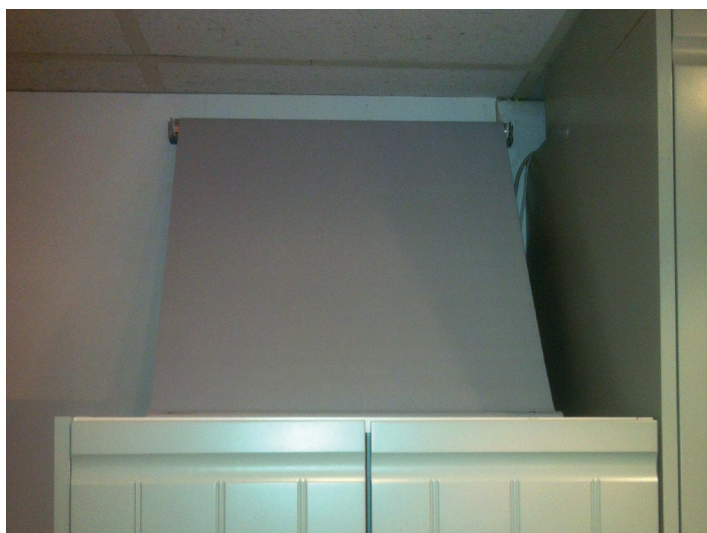

Spin the screen clockwise 10 laps to get a preload of the retraction.

Fix the end of the screen with the plastic clamps in front of the cabinets top fixing plate.

Run a cycle down and up to see that it goes out and retracts satisfying.
