

Butler 722

- Electric wardrobe lift

BUTLER 722

With BUTLER 722, the height of the wardrobe can be used to the full. A simple push of a button lowers the clothes rod by 112 cm.

A person of normal height can easily reach up to 190 cm which means the clothes rod in its upper position can be 300 cm above the floor.

Thus, the lower part of the wardrobe can be used for another clothes rod or other form of storage.

Butler 722-White

About us

Granberg Interior AB is a family business in the 5th generation. In 1870, Otto Granberg started the carpentry factory, which has since developed into a world-leading company when it comes to lifting systems for kitchens, bathrooms and wardrobes.

From our factory in Norrköping, we deliver solid craftsmanship that makes everyday life easier for everyone!
